

THE Montauk

DESTINATION™ BRACELET

RECOGNIZED BY LOCALS AND
LOYAL VISITORS ALIKE AS
THE SYMBOLIC TREASURE
OF MONTAUK!

Montauk has been crafted into a truly unique hamlet at the tip of Long Island by almost 400 years of recorded history. To honor the soul of a town filled with legends, the **Montauk Destination™ Bracelet** is wrought in precious metals, with the spirit of Montauk in design. The stylized letters "Mtk" are emblazoned with a likeness of the Montauk Light, and the symbols are joined together in the center by a sun and sea insignia, representing the awesome power of the natural environment that is ever present here at "The End". Two 14K gold wraps signify The Atlantic Ocean and Block Island Sound which have both given Montauk their bounty for centuries and grace the shores of Long Island with the pleasures of life on the water. For a day... a week... or a lifetime of weeks, Montauk beckons to all, and the **Montauk Destination™ Bracelet** is a true symbolic treasure... welcome to the "Last Resort".
