## DESTINATION™ BRACELET

### THE SYMBOLIC TREASURE OF NANTUCKET!

For beyond three centuries, "The Grey Lady" has held court, with adventurous tales of nautical feats and ever since the bark "Concord" sailed past the bluffs at Siasconset, Nantucket has claimed her place in written history. The **Nantucket Destination™ Bracelet** is a tribute in precious metals to all of those tales. "For the sea is his; he owns it, as Emperors own empires" as Melville wrote of the Nantucket sailors. The **Nantucket Destination™ Bracelet** is a symbolic treasure that pays homage to a bygone era of adventure and daring that should be remembered... if only for a day... or a week... or a lifetime of weeks.
